I have rec^d of your command of the 29 & 30 of June -
and have since in hand to make the carriage for
Towns of London having none in store and as soon as
space and time will be that I may be able to send
of Towns and take the carriage in hand or buy more as
I see occasion for a carriage in London
and of the 29th of June I have received of you
and will be ready to receive the same as soon as
I have given the necessary orders for making a carriage
of wood and wheels to be made in London
I have also given orders for the carriage to be made
of wood and wheels to be made in London
I have also given orders for the carriage to be made
of wood and wheels to be made in London

Mr. [Name] about the carriage.
I am ready up to the carriage of the carriage
I have fit of the carriage to be made in London
and it will be made in London
I have also given orders for the carriage to be made
of wood and wheels to be made in London
I have also given orders for the carriage to be made
of wood and wheels to be made in London
I have also given orders for the carriage to be made
of wood and wheels to be made in London
I have also given orders for the carriage to be made
of wood and wheels to be made in London

This transcription is wholly the work of Philip Eley.

I have rec^d yo^r hon^{rs} comands of y^e 29 & 30 of June
and have Direct'd M^r Stanyford to make Shipp Carriages for y^e
Towne of Southton haveing none in store, and as soon as made
shall send them wth the stores in the Proportion lately red
to y^t Towne and take the Mayor an? Indent or such? person as he
shall appoint to ... in? Delivery?.

One of the ... shipp wherein? muihel? is not is arrived and whereon shall deliver; old shells? and~ and well nigh unladen, the regim^t ... Eastre?.

I have given M^r Stanyford his warr^t for making a Traine ... for y^e new sl... and shall be ready ~~to~~ for clearing the tray & earth pot? for y^e sayd the furindam? as soon as M^r

M^r. Walter settis about the worke.

I am breaking up the old wheelles & body of Travell' Carriages for y^e benefitt of the Iron worke to bind the new ones as they are brought to y^e ... E[?]; and I? leder? to y^e smith in Decate'? the breaking up of y^e old shipp carriages w^{ch} I could not be repaired, that the Ironwork w^{ch} will be saved from having to [be] applied to y^e bind the Carriages for w^{ch} M^r Stanyford has warr^t to make for y^e sheds;

[M^r Gibson will Deliver the pistols & Bayenetts as soon as the old Aprons? are Delivered out of the Tower for w^{ch} I shall give ...] crossed out

I now send inclose the Remaines of the Gunner stores of Isabella y^t Fly? & Dispatch Briganter? after an acc^t of the Sev^{ble} Snap^t musq^{tts} delivered to y^e fleets under his grace y^e Duke of Ordmond and his Expeditn' wth what I received from the Send? Regim^t on Delivery thereof, w^{ch} I &
