

Mr. Hooper.

Having my bin out of Town some days I
wrote this morning a Letter from my Son: Dawson
who I am afraid has bin a little negligent in
omitting to go aboard with Capt. Hawkey, but at the
last, I thank you for your Civility to him, &
I hope before now he has found a way to get to
New York, if not let him know, I have writ
to my Son to excuse him, and shall not quarrel
with his Father with it unless he thinks it
necessary, and that I hope he will not commit
the same fault again. I am

20th March.
